For prop stand kits please see pages 57, 58, 133 & 142

- 1 P1046 **Cargo strap.** 3 metre long cargo strap.
- 2 P1049 **Cargo strap.** 8 metre long ratchet cargo strap.
- 3 P1042 **Wheel strap.** Specially designed for lashing vehicle wheels on car transporters.
- 4 P1113 **Lashing ring.** Fixes through the floor to chassis to provide a low profile lashing point (under-floor reinforcement may be required).
- KX0200 **Lashing ring.** Contains recessed lashing ring with all fixings (should be welded to chassis)
- KX0201 **Lashing ring.** With all fixings GX.
- 5 KX0651 **Light duty lashing point.** Supplied as a pair complete with fixing bolts, ideal for unbraked trailers BV64E, HB510XL & HB610

- 6 P12451 **Rope cleat.** Round plastic cleat used on P5 model.
- 7 C04663 **Rope Hook.** Used on the Low loader range of trailers.
- 8 C04664 **Rope hook.** Formed rope hook used on general duty trailer models.
- 9 C04667 **Rope hook.** This rope hook is riveted to the trailer and has a lower profile than those used on other models. Used on the P6E & P7E
- 10 C04669 **Rope Hook.** Used on the Eurolight range.
- 11 KS0204 **Lashing Lugs.** 1 pair. Fitted to the GX range.
- 12 P1340 **Rope.** 6mm woven polypropylene rope. (per metre).
- 13 B0119 **Safety Kit.** Gloves, safety goggles, pair of dust masks, ear defenders and hooded overall. (Contents may vary from illustration).

- 14 P1050 **Shoring pole.** BV4 Series spring loaded pole that fits between the receiver tracks to secure upright loads.
- P1047 **Shoring pole.** BV5 Series spring loaded pole that fits between the receiver tracks to secure upright loads.
- P1048 **Shoring pole.** BV6 Series spring loaded pole that fits between the receiver tracks to secure upright loads.
- 15 B0102A **Elastic strap.** Ideal for use with the Tack Pack kit, or general lashing requirements. 32" length
- B0102B **Elastic strap.** Ideal for use with the Tack Pack kit, or general lashing requirements. 36" length.
- B0102C **Elastic strap.** Ideal for use with the Tack Pack kit, or general lashing requirements. 42" length.
- 16 P1035 **Receiver track.** Allows for the use of shoring poles, 2.40m.
- P1036 **Receiver track.** Allows for the use of shoring poles, 3.10m.
- P1037 **Receiver track.** Allows for the use of shoring poles, 3.62m.

BV85 twin axle with roller shutter

FENWICKS HORSEBOX AND TRAILER CLEANER

When you have spent a lot of money on a horsebox or trailer, it is important to keep it looking good and to protect it.

Fenwick's Horsebox & Trailer Cleaner is specifically formulated for cleaning both the interior and exterior of horseboxes and trailers, with added fly repellent and sanitizer. It will remove black streaks, diesel fumes, rust and drainage stains, algae, moss, fungus, road and traffic film. It is safe on all surfaces and all types of paintwork including airbrushed and customised woodwork, aluminium, steel, galvanised steel, rubber, fibreglass, decals, logos and mastics or sealant. There is no other cleaner that is safer to use, or that is as economical in use. The raw materials used for the manufacture of the cleaner are also the most biodegradable in their class regardless of cost, making sure that there is no other cleaner that even comes close for biodegradability. Fenwick's Horsebox Cleaner cleans in a unique way, attracting dirt like a magnet, it then surrounds the dirt and stops it from sticking.

Most other cleaners use aggressive agents e.g. sodium hydroxide (caustic), metasilicates, acids, abrasives, or solvents which can damage paintwork and metalwork.

FENWICK'S

- 1 B0112 **Horsebox & trailer cleaner.** For all trailer types. Effective removal of black streaks, road traffic film, green algae, fungus, moss, bird lime and drainage stains. This pleasant smelling solution also contains fly repellent and sanitizer and can be used for interior cleaning. (Up to 40 standard exterior washes from this 1litre bottle). No acids, caustic, abrasives, silicon or solvents
- 2 B0108 **Caravan cleaner.** Easily cleans all exterior surfaces including acrylic windows. Removes black streaks, green algae and road grime. (Up to 40 washes from this 1litre bottle). Ideal for use on G.R.P surfaces such as those found on our boxvan range.
- 3 B0110 **Bobby Dazzler.** A unique protective coating applied during rinsing. No need to polish. Keeps vehicle cleaner for longer and makes cleaning next time easier. Contains algae inhibitor. (Up to 60 washes per bottle).
- 4 B0111 **Overwintering.** Cost effective winter protection. Helps prevent green algae growth and water ingress. The vehicle stays cleaner and makes spring cleaning easier. When diluted this 1litre bottle will protect 50 square metres.

HB506

- 1 **KX8105 Ifor Williams Coupling Head Lock.** For all Ifor Williams trailers with Avonride coupling heads, this lock is designed to encase the operating handle and lock sections of the coupling head to prevent unauthorised operation or tampering of the components within. Tested and approved to the coveted Gold Standard by Sold Secure. This means the product offers the top level of resistance against the dedicated thief. Supplied with two keys, dummy ball and waterproof cover.
- 2 **B0025 Lock chain.** Hardened square links with protective nylon cover, 8mm - 0.91M.
- 2 **B0026 Lock chain.** Hardened square links with protective nylon cover, 10mm - 0.91M.
- 2 **B0027 Lock chain.** Hardened square links with protective nylon cover, 10mm - 2M.
- 3 **B0028 Padlock.** High security rating (shrouded shackle) Size (Throat/diameter) 25/8.
- 4 **B0029 Padlock.** Laminated steel body and hardened shackle, special bumper to prevent damage to locked item. Size (Throat/diameter) 59/8.
- 5 **B0030 Padlock.** Solid brass body with hardened steel pin. Square throat design. Size (Throat/diameter) 12/10.
- 6 **B0031 Padlock.** Set of 6 padlocks all keyed alike, ideal for toolboxes or trailer ramps. Size (Throat/diameter) 24/6.
- 7 **B0032 Padlock.** Laminated steel body and hardened shackle, cover to prevent damage to locked item. Size (Throat/diameter) 18/6.
